Koepestrasse 17
41812 Erkelenz, Germany Germany

Please send a copy of this note along with the battery door from your scale to the closest office above (depending on where you live) and we will send you a replacement scale immediately. We only need the battery door to prove which scale it was and for inventory purposes. We are doing this to save you the cost of postage of your defective scale.

Please don't forget to also include a copy of your original receipt or online proof of purchase and your filled out warranty card. If possible we request that you attach a sticker to the battery door saying what scale model and color it was (ie Ultraship 75 Black).

Please write in the following information below:

Your name:

Your full mailing address:

Scale Model & Color (please be very precise)

Describe the problem you had with your scale and any steps you took to try and resolve it;

Your Signature:
